

HUN ASSEMBLY RATIFIES PEACE PACT

GERMANS ADOPT RESOLUTION BY 208 TO 115 VOTE Action Removes All Doubt of Acceptance of Peace Terms

WEIMAR, July 9.—(By The Associated Press.) The resolution ratifying the peace treaty was adopted by the German national assembly today by a vote of 208 to 115.

Text of Resolution

The text of the ratification resolution reads as follows: "The peace treaty between Germany and the allied and associated powers signed on June 28, 1919, and the protocol belonging thereto as well as the agreement relative to the occupation of the Rhineland signed the same day are agreed to."

"This law comes into force on the day of its promulgation."

Paris, July 9.—The German national assembly in Weimar has adopted the resolution ratifying the peace treaty, according to advices received here today.

Ratification of the peace treaty by the German national assembly removes all doubt of the acceptance of the terms by Germany.

The national assembly by ratifying the treaty makes it possible for the allied and associated powers to raise the blockade. Official notification was sent Germany June 29th that the blockade would be raised when the treaty was ratified. Placing this condition on the raising of the blockade was looked upon as a sure plan for securing speedy ratification by Germany.

The council of five on Monday decided to lift the commercial censorship on communications with Germany with the removal of the blockade.

When three of the principal allied powers, in addition to Germany, have ratified the treaty it becomes effective for those who have ratified it. After Germany and the three allied powers have ratified it the treaty will come into force for each other power on the day when it notifies the peace conference secretary of its ratification.

The resolution adopted by the allied council concerning the blockade was as follows:

"The superior blockade council is instructed to base its arrangements for rescinding restriction upon trade with Germany upon the assumption that the allied and associated powers will not wait to raise the blockade until the completion of ratification, as provided for at the end of the treaty with Germany, but that it is to be raised immediately upon receipt of information that the treaty of peace has been ratified by Germany."

Promulgation of the resolution ratifying the treaty is dependent upon the signing of the resolution by President Ebert.

Ninety Nine Fail to Vote.

Weimar, July 9.—Ninety nine deputies abstained from voting on the resolution in the national assembly to ratify the peace treaty.

Question Rests With Palmer.

Washington, July 9.—While ratification of the peace treaty by the German assembly at Weimar today makes possible the raising of the blockade of Germany it will be for Attorney General Palmer to determine to what extent commercial relations between the United States and Germany may be resumed.

Should the allied and associated powers agree to lift the blockade, the attorney general will have to render in some formal shape an opinion as to whether provisions of the trading with the enemy act can be suspended or abrogated by executive order in advance of the formal termination of the war thru final exchange of ratification of the treaty.

The attorney general in formal statements has declared the trading with the enemy act must continue in force until the date of the proclamation of exchange of peace treaties unless the president declares an earlier date.

He has said, however, that the earlier date may not be set before the end of the war thru exchange of ratification.

However, the state department realizing the importance of giving American business interests an advantageous position in the race for German trade has made arrangements to have the American consular service in Germany begin to function at the earliest possible moment.

The American goods can be exported to Germany without the assistance of American consuls under American customs laws the consular certification is necessary to the exportation of German goods to America. In the opinion of officials here the German blockade will be lifted as soon as the peace treaty is signed.

R-34 STARTS ON RETURN TRIP TO SCOTLAND

Would Keep President In Country

WASHINGTON, July 9.—The president of the United States would not be permitted, during his term of office, to leave the country or to perform the duties of his office except at Washington, under a bill introduced today by Representative Campbell, of Kansas, chairman of the house rules committee.

"Be it enacted by the senate and house of representatives of the United States of America in congress assembled section seven, that from and after the passage of this act it shall be unlawful for the president of the United States during the term of his office, to absent himself from the territorial jurisdiction of the United States or to perform the duties of office at any other place than at the seat of government established by the act for establishment of the temporary and permanent seat of government of the United States approved July 16, 1790, to which this act is an amendment."

Prepared Lengthy Address.

Representative Campbell had prepared a lengthy address on his bill in which he sharply criticized President Wilson for going to Europe for the peace conference, but unanimous consent for its immediate delivery was refused by Representative Blanton, Democrat, Texas. Mr. Campbell hoped to deliver the speech later in the day, but in the meantime he made it public in the form of a statement.

"Now that the president is home," said Mr. Campbell, "it is not improper to draw a lesson for future presidents from the experiences of his recent absence from his own country and seat of government, and to call attention to some of the conditions his visit has made possible that seriously affect the future of the republic and the welfare of its people."

"The president's arrival in Europe was marked with the usual attentions that have ever been given to princes of the royal blood, or to emperors with imperial power. In Paris, in London, in Rome, every part of the entertainer was exhausted upon the president. He approached royal palaces amid the applause of the multitude; he entered royal banquet halls in ancient and regal processions; he was wine and dined in royal state in every capital he entered. He was flattered with every attention that mankind can give to man. He liked it all. The government and people of the United States are to pay for all these honored attentions in the years to come."

MAJORITY HAS CLEAN BILL OF HEALTH

WASHINGTON, July 9.—More than 93 per cent of the 2,000,000 officers and men of the army who have been demobilized since the signing of the armistice were discharged with clean bill of health according to an announcement today from the office of the surgeon general of the army. Six percent of the men reported to the bureau of war risk insurance of disabilities and 1 per cent were held on account of communicable diseases, under development or other causes.

The negro troops showed a slightly better physical condition than the white but a higher percentage were held for communicable diseases.

Reports for the week ended July 5 showed a continuation of excellent health conditions in the army both at home and overseas.

ALASKA'S FISH MORE PROFITABLE THAN GOLD

SEATTLE, Wash., July 9.—Alaska's fish, according to government statistics will return more revenue than the country's gold deposits, said Prof. Henry E. Ward, head of the department of zoology of the University of Illinois, who is here today on his way to Alaska on a mission for United States bureau of fisheries.

Salmon caught in Alaskan waters, last year was valued at \$71,000,000 wholesale at the northern canneries, Prof. Ward said.

PROPE POSSIBILITY OF MURDER

Chicago, July 9.—Possibility of murder in the death of a man identified as Robert S. Sawyer, traveling salesman for the E. D. Kimball Company of Chicago and whose home was in Peoria, Ill., is being investigated by the police. His body was taken from a lagoon in Jackson Park yesterday. The police say he drove his automobile from Peoria to Chicago July 4th, but they have not

SENATE WILL RECEIVE PEACE TREATY TODAY

Expect Wilson to Outline Details of Paris Negotiations

WASHINGTON, July 9.—President Wilson will present the peace treaty and the league of nations covenant to the senate tomorrow. He will deliver a lengthy address in which he is expected to outline the details of the negotiations in Paris and tell why he feels that the United States should endorse the league of nations covenant. His address promises to mark the opening of one of the bitterest fights ever waged in the senate over ratification of a treaty.

Wilson Eager to Appear

It was announced at the white house that the president would place himself unreservedly at the disposal of the senate in its consideration of the treaty. He was reported as being "anxious and eager" to appear before any committee of the senate or of the house, or both, in open or executive session to answer any questions that members might desire to ask with regard to the treaty and the league covenant.

While members of the senate foreign relations committee declined to predict whether the president would be invited before the committee, there was a general feeling that should he make known directly a desire to appear, he would be given the opportunity.

The usual procedure would be for the committee to ask for the diplomatic correspondence leading up to the treaty, and since most of the Versailles negotiations were conducted orally, some senators believe the alternative course will be to question the principal delegates. Opposing this view is the feeling of some committee members that it would be too wide a departure from precedent to invite the president before any committee. It has been pointed out that the chief executive constitutes in himself a coordinate branch of the government and as such never has dealt directly with such a subordinate body as a senate committee.

Session May Be Open

Should the president appear before the committee there are indications that the sessions will be open. Some members are known to be determinedly opposed, to any secrecy in senate consideration of the treaty. The effect may be to throw into the open the committee consideration of the treaty as well as the debate in the senate. It is considered likely, however, that some of the committee discussions will be in executive session. A vigorous questioning undoubtedly will await the president should he appear before the committee. Among members of the most bitter critics of the league of nations and of the president's conduct of the Versailles negotiations, including Chairman Lodge and Senator Borah, Idaho, Johnson, California, and Fall, New Mexico, all Republicans. There is little likelihood that the committee will begin on the treaty before Monday. It is improbable that any witnesses will be called until the whole treaty has been gone over by committee members, which may require many days.

The plan tonight was for the senate as soon as the president has finished speaking tomorrow, to order the treaty printed in the congressional record and as a public document. This will reverse another precedent, the practice having been to consider unratified treaties as confidential.

The senate plans to adjourn until Monday. Several treaties were ready to speak of the week and the debate is expected to be virtually continuous until the ratification vote is taken, perhaps many weeks hence.

May Present French Treaty

Altho there has been little discussion regarding the new treaty with France, by which that nation would be promised American aid in case of an unprovoked attack by Germany, the general expectation is that it also will be presented by the president tomorrow and will take the same course as the treaty with Germany.

Irrespective of whether he goes before the foreign relations committee, Democratic leaders in the senate and members of the committee will have full opportunity to confer with the president.

According to plans tonight Mr. Wilson will confer with many senators tomorrow. He also probably will have opportunity to talk briefly to some of the committee members when they go to the

To Make Arrests For The Bisbee Deportations

DOUGLAS, Ariz., July 9.—More than 100 criminal complaints alleging the crime of kidnapping in the Bisbee deportation of July 12, 1917, today were placed in the hands of Justice of the Peace Jacks, who has left for Bisbee to hold court and issue warrants of arrest for the persons named in the complaints.

Ever since the morning of July 12, 1917, when eleven hundred and eighty six mine workers and their alleged sympathizers were forcibly driven from Bisbee, the deportations have been a source of discussion in this state and throughout the West.

After the deportations the United States grand jury indicted twenty-five of the most prominent men in Arizona, copper company officials, county officers and private citizens on charges of conspiracy to deprive private citizens of their constitutional rights. On December 3, 1918, Judge William W. Morrow, of San Francisco, sitting in the United States district court at Tucson, quashed the indictments when the trial was called. The United States government immediately appealed from Judge Morrow's decision and today the case is pending in the Supreme Court of the United States.

The deportations grew out of the strike of copper miners called in the Warren copper mining district on June 26, 1917. The strike was called by the Industrial Workers of the World, and was not sanctioned by the International Union of Mine, Mill and Smeltermen. The demands of the strikers included increased pay, six dollars a day for underground work and five dollars and a half for surface workers, a six hour day and improved working conditions.

The strike continued in force until July 12, when the deportations took place. Armed with revolvers, the deputies that Sheriff Wheeler had sworn in as officers of the law, seized all persons who could not give a satisfactory account of themselves and who would not promise to return to work in the mines and marched them to the Bisbee baseball park, where they were confined in a stockade until the round-up was completed at noon.

During the deportations two persons were killed, a member of a committee of citizens being shot in attempting to compel the deportation of one workman and the workman in turn being killed by the committee.

When the round-up had been completed the prisoners were loaded into cattle cars and freight cars and taken first to Columbus, New Mexico, and later the train was hauled back to the desert station of Hermanas, a dozen miles west of Columbus. During the trip the deported men alleged they were given no food. Armed guards rode on top of the cars, their rifles across their knees.

At Hermanas, the United States army took charge of the deportees and removed them in a body to the military camp at Columbus, when they were cared for until in the fall, when the refugee camp was closed and the men dispersed. Many of the men, their names were not known, were members of the Industrial Workers of the World and a government investigation committee held this to be true.

SEASONABLE WEATHER ADVANCES CORN

DES MOINES, Ia., July 9.—Seasonable weather during the past week advanced corn rapidly and the bulk of the Iowa crop has been laid by, according to the weekly crop report issued today by the department of agriculture. Winter wheat however has been badly damaged by the hot weather and blight and scab. Spring wheat is similarly affected and oats are blighting badly. Reports show corn 94 per cent, oats 92 per cent, spring wheat 91 per cent, winter wheat 81 per cent, barley 93 per cent, rye 95 per cent and flax 90 per cent.

He will be received by the president at 11 o'clock. He is to speak at 12:15.

The house will not be in session while the president is speaking, having agreed today to meet at 2 P. M. 80 members can be in the senate to hear the chief executive. All Washington seemed to be demanding gallery tickets today and it appeared that the crowd in and about the senate chamber tomorrow would be one of the greatest that ever assembled there.

The president's first day at the white house since he returned from France was a long and busy one. After sleeping late he went to his desk soon after 9 o'clock. He still was working in his study late tonight and was said to

Special Deputies Patrol Vicinity Of Argo Plant

CHICAGO, July 9.—One hundred special deputy sheriffs tonight were patrolling the vicinity of the Corn Products Refining company's plant at Argo, a suburb where last night two men were killed and about fifty others wounded or injured in fights between armed guards and strike sympathizers. One of the wounded was reported in a dying condition tonight. Today passed with comparative quiet.

Possibility of further serious trouble was guarded against by both sides. Protection of the plant was increased and Joseph Banas, president of the local union announced no more demonstrations by union men would be contemplated.

The only incident approaching violence reported today occurred when strikers chased Edward Reeves, mayor of Argo and superintendent of the company's machine shops. They accused him of attempting to stop their credit with local merchants. He denied the accusations. He said he had only warned the merchants to use discretion lest they lose some accounts.

Among disputed points discussed today were the "closed shop" for which 1,600 of the more than 2,000 employees went on strike yesterday and "Bolshevism."

Union officials asserted the company officials had broken an agreement to allow the men to decide by vote whether they wanted the closed shop.

No such agreement ever was made company representatives said but both union and non-union men were employed at union wages with an eight hour day.

Guard Pekin Plant.

Pekin, Ill., July 9.—Sixteen armed guards, employees of the company, patrolled the Pekin plant of the Corn Products company here tonight where 525 men out of 600 are on a strike seeking to enforce their demands for a closed shop. The plant is the property of the same company which owns the plant at Argo, Ill.

Despite the fact that local officials of the company declared there was little danger of violence here, the placing of the guards was a precautionary measure to prevent any possible minor outbreaks of the strikers, who gathered about the plant tonight in little knots and discussed their demands against the company.

A small force of men kept the plant in operation today. The men who worked were not molested by the strikers who after parading thru the streets held an orderly meeting in the court house square and dispersed.

The lack of violence here is claimed by company officials to be due to the fact that the men here are not foreigners and are contented by their leaders to hold themselves quiet in the hope that the company will accede to their demands.

"The Pekin Corn Products plant will remain open for business," Superintendent Lawson said tonight. "If the men decide to come back to their jobs in a reasonable time they will find them still open."

Earl Meixell, business agent of the employees' union declared that there was no sign of weakening on the part of the men, and that they will hold out for their demands.

"We will not resort to violence however to gain our point," he concluded.

GLASS ESTIMATES U. S. WAR COST

WASHINGTON, July 9.—The war cost the United States \$30,177,000,000 up to June 30, 1919. Secretary Glass submitting this estimate today in submitting to the congressional appropriations committee, the preliminary statement of the treasury on the condition of the nation's finances. He arrived at the estimate by subtracting the average peace time expenses for the same length of time, at the rate of \$1,000,000,000 annually, from the total expenditures, \$32,422,000,000 during the war.

Taxes and other revenues than borrowed money took care of \$9,234,000,000 or about 29 per cent of the war cost. The remainder came from liberty bond and victory note issues and saving stamps.

PAYMENTS TO SOLDIERS.

Washington, July 9.—Payments by the war risk bureau to soldiers and their dependents amounted to \$30,832,726 in June, \$62,322 checks being mailed.

JULY FORECAST INDICATES BUMPER CROPS

Winter Wheat and Rye Crops Largest Ever Produced

WASHINGTON, July 9.—Bountiful farm crops this year were indicated today in the department of agriculture's July forecasts. Winter wheat and rye, now being harvested, showed the largest production ever attained. Record crops of sweet potatoes were predicted and the production of spring wheat, corn, oats, barley, white potatoes and hay is expected to be larger than the average for the five years, 1913-17.

Value of the wheat, corn and oats combined amounts to \$8,340,622,000 based on July 1 farm prices. The value of corn is \$4,768,475,000; wheat \$2,577,420,000 and oats \$994,727,000.

Plant disease and other conditions made heavy inroads during June on prospective wheat and oats production. The forecast shows a loss of 75,000,000 bushels of wheat since the June estimate and a reduction of 43,000,000 bushels in the prospective oats crop. High temperatures caused deterioration in the condition of winter wheat in some sections while plant disease increased in central districts. The heat also affected spring wheat in some parts of the belt.

Production Forecasts.

Production forecasts of the country's principal farm crops, estimated on the condition of the crops July 1, were announced today by the department of agriculture as follows:

Winter wheat \$39,000,000. Spring wheat, 322,000,000. All wheat 1,161,000,000. Corn, 2,815,000,000. Oats, 1,403,000,000. Barley, 231,000,000. Rye, 103,000,000. White potatoes, 391,000,000. Sweet potatoes, 102,000,000. Tobacco, 1,433,000,000 pounds. Flax, 13,200,000. Rice, 42,500,000. Ray, 116,000,000 tons. Apples (total) 156,000,000. Apples (Commercial) 24,500,000 barrels. Peaches, 50,000,000.

Conditions of Crops.

Condition of the crops on July 1st and crop acreages not previously announced are as follows: Winter wheat 89.0 per cent of a normal. Spring wheat, 80.9. Corn 86.7, and 102,977,000 acres. Oats, 87.0. Barley 87.4. Rye, 85.7. White potatoes 87.6 and 4,063,000 acres. Sweet potatoes 90.1, and 1,023,000 acres. Tobacco 83.6, and 1,774,000 acres.

Flores 73.5 and 1,851,000 acres. Rice 89.5 and 1,091,300 acres. Hay, 91.1. Apples 56.6. Peaches, 69.0.

Condition and production forecast of winter wheat, (in thousands of bushels) by important states, follow: Ohio 102 per cent of a normal and 14,170 bushels. Indiana 88 and 50,623. Illinois 90 and 62,287. Missouri 86 and 64,535. Nebraska 90 and 67,725. Kansas 93 and 193,718. Oklahoma 95 and 57,573.

Condition and production of spring wheat: Minnesota 90 and 90,956. North Dakota 85 and 86,918. South Dakota 92 and 52,385. Montana 33 and 11,522. Washington 75 and 26,582.

BELA KUN PROPOSES TO SELL SECURITIES

PARIS July 9.—The council of five having been advised that Bela Kun the head of the Hungarian communist government proposes to sell a large amount of securities he holds has under consideration a note to him disapproving his plan. If it sends a note to Bela Kun the council probably will send a note also to all nations advising the nationals not to purchase the securities offered by the Hungarians.

The council, it is said feels that it is to the best interest of the nations and Hungary that the securities

THOUSANDS BID GIANT AIRSHIP BON VOYAGE

Dirigible Rises Into Air Shortly Before Midnight

BULLETIN.

NEW YORK, July 10.—The R-34 was last sighted when she put out toward Long Island Sound at 1:16 a. m. after a cruise over the city and faded from sight. She was headed almost due east.

MINNEAPOLIS, N. Y., July 9.—The British dirigible R-34 left Roosevelt Field shortly before midnight on her return cruise to Scotland. The great ship, held in leash by 1,000 American balloon men, was released at 11:56, and floated off leisurely to a height of 260 feet with her motors silent. The motors then began to whirl and the craft, nosing upward, headed for New York.

Searchlights Play on Ship.

Three great searchlights playing on the ship made her clearly discernible to the thousands who had gathered to bid her bon voyage. With three engines running and two others in reserve the R-34 glided off toward the south, then swinking in a westerly course brought her nose in the direction of New York.

It took the R-34 about three minutes to rise to the height of 260 feet she began cruising. At 11:59 she was about 500 feet up and was skimming along at a speed of about 35 to 40 miles an hour.

Brig. Gen. Lionel Charlton, British aviation attaché in the United States, said that the ship would employ only the three engines on which she started unless unexpected conditions arose.

With favorable conditions Major G. H. Scott, her commander, hopes to make the voyage in seven hours, sailing over London before proceeding to East Fortune, Scotland, if weather conditions permit.

Turn On Dirigible's Lights

At 12:01 light from the deck of the dirigible which run virtually the entire length of the envelop inside, were switched on and the great ship appeared a long streak of light swimming in the radiance of the searchlights.

Up to 12:01 the R-34 had drifted sideways in the current of a southwest wind. At that hour she nosed into the wind, now sailing at about 500 feet and one minute later disappeared from the view of the crowds at Roosevelt Field.

Storm Warning Caused Start

The R-34 had not been scheduled to depart until 3 or 4 a. m. tomorrow. The early departure was decided upon when Major Scott received a report from the United States weather bureau warning that winds dangerous to a moored craft were likely to sweep Roosevelt Field within a few hours.

Just before the departure Lieutenant R. D. Durrant, wireless officer stated that he expected to keep in radio touch with Roosevelt field for two or three hours after the start.

The great ship was straining and tugging at the cables which held her to the ground when the start came.

Efforts to get into wireless communication with the R-34 were started at Roosevelt field as soon as she had taken the air, but up to 12:31 all efforts had proved unsuccessful. The Battleship Pennsylvania was overheard calling her and the naval and army stations near here also strove vainly to establish communication.

Although the British air minister had expressed the failure to establish radio communication by stating that probably everybody was too busy aboard the ship to hear the wireless so early after the start.

Urged Ship to Start.

Washington, July 9.—Weather forecasts made by the U. S. Weather Bureau tonight renewed the urgent recommendation on which the commander of the R-34 decided to act in starting late tonight on the return trip to England.

"Fresh to strong southwest winds tonight and Thursday morning," the prediction made for the dirigible raid, "probably becoming dangerous to a moored craft. Immediate start urged. Conditions now favorable but will not

MEN AND WOMEN TO WORK TOGETHER.

Organization work of the Republicans in St. Louis seems to bear out the statement recently made by Will H. Hays, chairman of the Republican National committee, that Missouri is now a Republican state, and that the women are taking an active part in its politics. At the meeting of the 13th Ward Republican club last Monday the opinion of both men and women was that they should work together for the good of the party, and that the women should be represented on

the committees with men. Mrs. J. M. Hutchinson, chairman of her ward, will have the women in each precinct registered so that the politics of all will be known. All work will be done in co-operation with, or under the direction of the men on the committee.

CONGRESS AND HIGH PRICES.

It is not surprising that congress is shying off from investigation of high prices. Some writer has pointed out that since farmers and labor constitute such a large percentage of the population and both are receiving so much higher prices for their products, that congress knows any investigation would be certain to touch the personal interest of a large percentage of their constituents. As has been often said before, everybody now is in favor of lower prices but no one wants to set the example.

It is a known fact that many financial men who have made a study of history, who are familiar with world conditions and who have considered the whole question in a broad way, are strongly of the belief that high prices are to continue for at least a five year period. However, investigations will certainly come if there is a continued tendency to further boost prices. There is a limit to the public's ability to meet such price conditions.

Senator Edge of New Jersey in the senate recently said that he believed the adoption of a budget system would save the government millions and increase efficiency. While a provision for an investigation into a budget system was dropped from the sundry civil bill, this does not mean the budget plan has been dropped. On the other hand, efforts will be made to secure an enactment.

NOT AVERSE TO BARGAINS.

The French people are full of sentiment and have unquestioned friendship for the U. S. Nevertheless they are not blind to business possibilities. The French bid for U. S. equipment overseas is \$300,000,000. Since the cost of this equipment was \$1,500,000,000, it is easy to see that the French do not object to bargain days. But nobody can think the less of them for that reason, when it is remembered that it is going to take years of tireless industry and fine business management for France to pay its debts and again hold the place in the industrial and commercial world that it had before the war began.

METHODISM MAY ADOPT MOVIES.

It has long been acknowledged that the churches of the country have had a big problem in maintaining interest in the Sunday night services. Only in exceptional cases are the pews of churches filled on Sunday evening. It is with the hope of solving this question that officials of the Methodist church are considering a plan to adopt motion pictures as a part of the Sunday night services of Methodism throughout the country. Recently D. W. Griffith, famous motion picture producer, was in conference with the high officials of the church. Evidently the time has come when those responsible for the management and success of churches realize that the important thing is to get the message of religion to the people and to have it attract attention—that the means of presentation is of secondary importance. The church also recognizes fully that the methods which obtained in the days when some good church members thought that the church organ was an instrument of the devil will not do in these days. It is only reasonable to expect that methods of church activity should be just as different by comparison with the affairs of the early church as is the life today in strong contrast with that of the pioneer times a hundred years ago.

WHAT THE A. E. F. REALLY THINK

Here's a Soldier-Editor's Plainly-Expressed Opinion Concerning the Much-Discussed Efficiency of War Relief Work.

Doughboys usually express their opinions—favorable or otherwise—of anything in brisk, snappy phrases. Here's an unusual opinion by a soldier. He wrote it as an editorial in "Quest-ce que c'est," the newspaper published weekly by the American students at the University of Toulouse, France; issue of June 4th, 1919. It is a unique document, and will be treasured in K. of C. archives as testimonial for excellence. It's good for any and every American citizen to read—the plain tale of dough-boy gratitude.

The Knights of Columbus.
"It was in the training camp on the plains of the great west that we first came into intimate contact with them—the Knights of Columbus. They had a 'hut' where a man could go for a few moments each day and read in quiet and peace, away from the 40,000 other men in the cantonment."

"At a small unknown port on the Atlantic seaboard they bade us 'bon voyage' with hot coffee and cakes and cigarettes when we started over—in a year which now seems ages ago; next we saw their familiar sign in a rest camp in England, and when we landed in France they were at the dock with more 'smokes' and the little things which we learned to value so highly in an existence which had returned to the primitive."

"It was in the Argonne drive that some one dubbed them 'Casey'—those chaps who wore the 'K. of C.' brassard; and because they were generally around when one was 'smoke-hungry'. The call was taken up by all ranks—'Keep Coming, Casey'. And if we remember rightly—and we do—they did keep coming."

"When a chap was 'broke'—or maybe had a pay voucher in his pocket which wasn't worth a sou because there wasn't a bank within 50 kilos. It was the men of the 'K. of C.' who furnished the little things which we now know to be the big things, when one is out of touch with civilization."

"One could generally find a K. of C. hut somewhere near the front; and if not—why generally someone wearing their insignia found us. We well remember those long winter days when we were stuck in a demolished French village on the other side of the Argonne when it seemed that spring would never come and the drizzle would never cease."

"There wasn't even a Bible to read—some unregenerate scamp months before had used the tissue pages of our volume for cigarette paper. But came a day when a K. of C. man discovered we were there—seemingly, 'the world forgetting, by the world forgot.'"

"And once each week after that he drove 35 kilos out of his way to drop the papers—and other things. (You know what we mean by the 'other things'. Expect you have a package of them in your pocket now.) Get so we could hear the coughing of his broken-backed Ford at least three villages away. And sometimes an escort of honor waded five or six kilos through the mud to welcome him."

"General Pershing has complimented them highly. We are glad of that. We rather think they deserve a few words. We like those chaps of the K. of C. They have done much to make us feel at home everywhere we have been over here. And they've never crowded religion down our throats—though religious consolation was theirs for the asking. But they have handed out 'big distills of friendship—and after all—that is what counts."

"There's a line in the Bible which we like to apply to an organization when we try to judge of the good it is doing—'By their works ye shall know them.' We know the Knights of Columbus. And we who write these lines are not Catholic either—but Protestant by faith, and 'shouting' Methodist at that."

OLD JACKSONVILLE

THE ACADEMY REVIEW

By Ensley Moore

(Member Illinois State Historical Society)

It is the general rule that the beginning of subjects referred to under the "O. J." head shall not date later than the end of the War, in 1865. But "circumstances alter cases," and Jacksonville Female Academy had too good a history to have it entirely abbreviated.

The Academy Review.
A two-column folio of sixteen pages was issued from The Daily Journal steam printing office, March, 1885—that being No. 1 of Vol. 1. It was published by the Jacksonville Female Academy, Ada J. Guithier being editor, with Ella Maguire, '85 and Fannie Filson, '86, as assistant. E. F. Buillard, Principal of the school, was Business Manager. Terms were \$1 per school year; single copies 15 cts.

The Departments.
were: Editorial, contributed, Musical, Art, Woman's Work, Educational, Science, Alumnae, Personals, and Spice Box, and two or three pages of advertising.

It is presumed that none of the young ladies referred to in alumnae or school reference are now over twenty years of age.

The Spice Box had no light suggestions such as the Journal has under the head of "Mavericks" or the Courier under the guise of "side-lights."

The second item in this department stated:
"Roller skating is said to be endorsed by undertakers all over the country." The third item had this suggestive statement:

"A new magazine is called the 'Woman's Age.' It is said to contain a good deal of fiction."

Editorial.
In its introductory editorial the following words, in part, showed the new craft out on the stream of adventure.

"Through the columns of the Review, the Academy sends greetings to its friends and former pupils. There is no great city, there is hardly a county or town from the Atlantic to the Pacific and from Maine to the Gulf where its representatives may not be found, worthily filling positions of honor and trust in every department of woman's work."

Contributions.
Had "Dedicated Lines" by Ida Scott Taylor, '74; "The Tenth Ode of Horace, Lib II," by Ella Maguire, '85; "Ophelia," by Sarah Palmer, '85; "Cicero" (translated from the French), by Carrie Chambers, '84; "The Iron Crown of the Lombards," by Belva Herron, '84; and a communication from "Art Student."

Musical.
This states, "The work done by the chorus class is good."

"Jan. 29, A fine song recital under the auspices of the Young Ladies' Classical Club at Conservatory Hall was given by Mrs. R. Anderson and Mr. J. Knorr, of Chicago, assisted by Prof. J. H. Davis. Mrs. William Capps and Miss Helen Ayers showed themselves to be in sympathy with the singers by their fine accompanying."

Art.
Under this heading references are made to Alfred Goupil, George Inness, Holman Hunt and

William M. Hunt. There is a brief account of the 11th annual exhibition of the Jacksonville Art Association, opened on March 2nd. (This was probably held in the Y. M. C. A. building.)

Woman's Work.
Is of course a matter of world wide notes. One states:

"Women are soon to be employed as telegraph operators in Japan."

Another: "Miss Susan B. Anthony began life as a school teacher at \$8 a month and in fifteen years saved \$300."

After Educational and Science, quotations from

Alumnae.

May be interesting. The organization of the Associate Alumnae is given as: President, Mrs. Jennie H. Hook; Vice-Presidents, Mrs. Carrie Duer, Mrs. Hardner, Misses M. E. Guthrie, Essie Linley, Maggie Guther, Recording Secretary, Miss Louise Alcott; Corresponding Secretary, Mrs. William Johnson; Treasurer, Miss Kittie Herriott; Annalist, Mrs. Marie Baird Bryan.

"70. Miss Nellie F. Epler is at present teaching literature and the languages in Milwaukee, Wis."

"79. Mrs. Lillie Collins Morris still makes Quincy, Ill., her home."

"79. Miss Maggie Dunn, of Philadelphia Pa., has been spending the winter with her aunt, Mrs. John Hockenhill, Sr."

"84. Miss Alma Waterman is holding the position of bookkeeper in her father's store, Plattsmouth, Nebraska."

Personals.

Give:
"Mrs. E. W. Brown, nee Miss Ruth Smith, spent a night at the Academy a guest of Miss Minnie Crilly."

Miss Edith Askew, '86, entertained the Lancer Club Thursday evening, 26th. There was a full attendance and it was an occasion of pleasure for all."

Miss Mary McDowell had addressed the pupils.

Such are a few quotations from the periodical.

Advertisers.

As always, the list of advertisers is interesting, and citizens of Jacksonville will be surprised at so many business people having gone from among us.

There were: Bretz and Lyon, Jewelers; King's Trade Palace Emporium, (J. T. King); Stuart's for candies; Metcalf & Fell, dry goods; Atwater & Pratt, "Leading Retailers of Fine Dry Goods; C. F. Marcey, South Side Shoe Store; J. H. Osborne, carpets etc.; (Clemens & Nichols, photographer; Catlin & Co., Books; Dunlap House, Alex Smith, proprietor; Pierson's Bindery; Dr. Widener, dentist; Henry McDowell & Co., artists' supplies; picture frames, etc., etc.; Mrs. M. Stewart, Miller; Ward Brothers, Bookellers, Stationers, etc.; Drugs at Hatch's; J. P. Fearon & Sons, Grocers, East State street; The Great Wabash Route; Chicago & Alton R. R.; Jacksonville Southeastern Railway, and Jacksonville Business College and English Training Schools, by G. W. Brown.

Inside Information!

Unless you buy your clothes NOW—whether ready made or tailor made—you are going to pay a much higher price for them. I have received reliable information from New York, the price fixing center of the business world today, and learned facts about the cloth business that astounded me. These facts concern your pocketbook from today on.

First: The world is four years behind on the manufacture of cloth.

Second: The world, now peace is signed, will place cloth orders for nearly twenty million men returned to civilian life—for twice as many ragged people in Europe who still have the money to buy.

Third: By the law of supply and demand, prices of cloth in the next ninety days will reach a figure which may make it hard for the average man to get a GOOD suit of clothes.

Knowing these things I have invested what capital I commanded in the best cloth obtainable, American and English make. I did more than this, this year. I brought to Jacksonville high grade, comparatively low priced fabrics never before seen outside of London and New York. I did this because I know there is a demand for the cloth in this city.

UNLESS YOU BUY NOW I CANNOT SELL YOU LATER—FOR THE REASON I HAVE GIVEN—AT PRESENT PRICES.

Consider this also: The foregoing statement is an HONEST statement by a Jacksonville tailor, to his trade—not to sell goods—but to advise that trade of a fact which is to their interest.

If you will drop into the shop I can make this clear—you need not buy—if you are interested in clothes—in saving money—you better buy NOW or pay a premium on your clothes later.

Rippling Rhymes

By Walt Mason

Grief.

The world would not object to grief, if man would keep it in his soul; but when he's sad he wants to be, and spring a plaintive rigmarole. Grief is contagious in its plan; it travels like a case of itch; it spreads around from man to man, afflicts the poor man and the rich. One peevish guy who wears a frown, who has a grievance in his mind, can push himself around the town and leave a trail of gloom behind. It is a weakness of the race, which should be hopeful, blithe and gay, to trot off to the walling place if some cheap skate will show the way. Some have to struggle to be glad, it costs an effort to be spry, but it is easy to be sad, if some poor fish will leave a sigh. Don't trot your trouble to and fro; it isn't fair, you must agree, to dump a wagonload of woe, and spoil a happy day for me. How often I have left my shack as happy as a basking shark, to find some reuben in my track, who greeted me with this remark: "If I exulted in the sun that shed its beams and made things gay, he'd say, 'It'll be nine kinds of mon there'll be a rain ere close of day!'" Say pleasant things; they cost no more than grouchy words that spoil men's peace; the man of troubles is a bore, and bores should all be fried in grease.

How often have you purchased bakery goods and was assured by the clerk that waited upon you that the article was fresh? How often do you see people demanding that they examine the article offered as fresh, and then finding that it is not? This shows lack of faith in the clerk or the concern.

Our customers have learned to know that when one of our clerks says that an article is fresh and so and so, they can rely upon the statement and not find upon reaching home that the cake, or pie, or bread was a day or two old and that all goodness had fled from it.

We invite you to try our way and we know you will keep coming. That is how we built up our trade and increased our out put—the multiplication of our friends; caused by good goods, freshness and service

WORTH WHILE GIRLS IN REGULAR MEETING

Manchester Organization Enjoyed Slumber Party at Home of Miss Antrubus — Manchester News Notes.

Manchester, July 9.—The Worth While Girls of Baptist church held their regular meeting for month, July 8, at the home of Lucille Antrubus. After business meeting and refreshments of grape juice and wafers, the girls remained for a slumber party which had been planned before. Those present were Ollie Walker, Florence Lemon, Hazel Duncan, Thelma Catlett, Scottville, Mabel and Ruth Blackburn, Lucille Antrubus and Susie Windsor. A joy 9th being Miss Duncan's birthday a surprise was planned by Miss Antrubus for the class. At breakfast Hazel was asked to stand at the head of the line and all marched into the dining room where we found the table beautifully decorated and a large angel food cake with the candles burning brightly to greet us and an elaborate breakfast awaiting. On cutting the cake Ollie Walker found the dime, Hazel Duncan the ring, Miss Catlett darning needle and Ruth Blackburn the thimble. After wishing Miss Duncan many more happy birthday and thanking Miss Antrubus for her delightful way of entertaining all departed for their homes and work feeling they had truly been to a slumberless party. The August meeting will be with Mrs. Wm. Arendell. Take our mothers.

Rev. Ora Carmean of Texas arrived yesterday for a visit with relatives and friends.

Miss Elsie Walker is visiting her cousins Misses Ollie and Wilma Walker.

Miss Thelma Catlett of Scottville is spending the week with her aunt Mrs. E. O. Hess.

Mrs. J. C. Andras, Mrs. Priscilla Stephens and Mrs. Margaret Wyatt attended Capt. Wright's funeral at Jacksonville Tuesday.

Walter Shewmaker spent Sunday with his uncle Frank Blackburn and family.

Mrs. Marie Ranson and Miss Belle Trux of Jacksonville were Sunday guests of Mr. and Mrs. J. T. Ranson.

Mrs. C. E. Hamel and daughter Ruth spent Sunday evening with the former's parents, Mr. and Mrs. George Pligg in Lynville.

Theodore Angelo and Glenn Lear were Jacksonville visitors Saturday.

Mr. and Mrs. F. J. Scholfield and family spent Sunday evening with Mrs. Scholfield's grandmother, Mrs. Rawlings at Durbin.

C. F. Lanham of Cornland was called to the city on business yesterday.

Here is One Thing That

is Absolutely Impossible.

Rheumatism Has Never Been Cured by Liniments or Lotions, and Never Will Be

You never knew of rheumatism that most painful source of suffering—being cured by liniments, lotions or other external applications. And you will never see anything but temporary relief afforded by such makeshifts.

But why be satisfied with temporary relief from the pangs of pain which are sure to return with increased severity, when there is permanent relief within your reach? Science has proven that rheumatism is a disordered condition of the blood. How then can satisfactory results be expected from any treatment that does not reach the blood, the seat of the trouble, and rid the system of the cause of the disease? S. S. S. is one blood remedy that has for more than fifty years been giving relief to even the most aggravated and stubborn cases of rheumatism. It cleanses and purifies the blood by ridding out all traces of disease. The experience of others who have taken S. S. S. will convince you that it will promptly reach your case. You can obtain this valuable remedy at any drug store.

A valuable book on rheumatism and its treatment, together with expert medical advice about your own individual case, will be sent absolutely free. Write today to Medical Department, Swift Specific Co., 431 Swift Laboratory, Atlanta, Ga.

REPORT CORN MAKES EXCELLENT PROGRESS

SPRINGFIELD, Ill., July 9.—The weather was warm, the sunshine ample and the rainfall varied from none to 1, frequent moderate showers making conditions decidedly favorable for harvesting, threshing and haying," says the weekly weather and crop report issued today by the weather bureau of the department of agriculture.

The report follows: "Moderate rains are needed in places for corn, meadows and pastures. Corn made excellent progress and is beginning to tassel. Its condition is good to excellent in the north and central, but largely poor to fair in the south where some has been abandoned to the weeds. Spring wheat has made poor progress. Its condition is poor to good. In some areas spring wheat is being damaged somewhat by scab. Winter wheat

is being harvested in the northern counties, but the harvest is mostly completed in the central and southern counties where threshing is now general. In some areas the proportion of straw is heavy. Oats are in fair to good condition; the weather was too hot during the critical period. Cutting has begun generally. Meadows average good but condition of pastures varies according to the recent rainfall."

REJECT BILL FOR RAISING SEIGE

Paris, Tuesday, July 8.—The chamber of deputies today rejected a bill providing for the immediate raising of the state of siege and the suppression of the censorship the vote being 256 to 202. The government represented by Stephen Pichon, the foreign minister opposed the measure.

PROCLAIM GENERAL STRIKE FOR ROME

ROME, July 9.—The chamber of labor has proclaimed a general strike as from midnight Tuesday, as a sign of protest against the police and military measures adopted by the government to prevent further disorders. The entire police garrison is held in readiness and strong contingents of troops occupy the principal buildings in the city while armor on cars and machine gun crews patrol the different quarters. The chamber of labor maintains these measures were adopted to prevent the lowering of the prices of necessities as demanded by the people.

Premier Nitti remained until the early morning at the ministry of the interior to be certain that his instructions were carried out. The proclamation of a general strike coincides with the re-opening of parliament this afternoon.

During the morning mobs attacked several shops because the shopkeepers refused to sell at low prices, otherwise there were no serious complications.

Food shops were crammed with people today buying provisions in the fear of being caught with scanty supplies.

FRANKLIN

Miss Ruth McLamar left Saturday for a visit with relatives at Pekin.

Miss Hallie Armstrong and Lester Gray went to Litchfield Friday to visit Mr. and Mrs. J. W. Shepherd.

Yeoman Fred Miller of the U. S. navy is enjoying a ten day furlough with his parents, Mr. and Mrs. Frank Miller.

Mrs. Chas. Cussins has returned from Springfield where she has been receiving treatment by a specialist for throat trouble.

Winfield and Fred Scott have returned from a motor trip to Florida.

Kenneth Woods and Leonard Roach arrived home Friday. Both were in military service overseas and have received honorable discharges.

Lloyd Read of the Hopper & Son clerical force at Jacksonville, spent Sunday with home folks.

ELKS ENTERTAIN FOR RETURNED MEMBERS

Jacksonville Lodge No. 682, B. P. O. E. entertained for their returned soldier and sailor members at the regular meeting Wednesday evening.

Three members were initiated into the order and this was followed by a musical program and luncheon. There was a large attendance of members and the occasion proved one of great pleasure.

At the hour of 11 o'clock Exalted Ruler MacVicar, assisted by Paul P. Thompson, paid tribute to the absent members. This was an impressive ceremony and the members stood with bowed heads while the Exalted Ruler read the lines of the ritual.

FIND LONDON WOMAN DEAD

LONDON, July 9.—Mrs. Arthur Eliot, better known as Mrs. Mabel Louise Atherton, divorced wife of Colonel Thomas Atherton was found shot this morning in her home in London, according to the Evening Standard this afternoon.

Mrs. Eliot who was a sister of Sir Aubrey Dean-Paul some years ago sued Baron Churston, then John Reginald Yarde-Buller, for breach of promise. The case created a considerable sensation at the time. Last April she married Captain Arthur Eliot, a dramatist, grand son of the late Earl of St. Germans.

MAY RESTRICT SMALL GRAIN MOVEMENT

WASHINGTON, July 9.—Appearance of plant diseases in the grain crops of Indiana, Illinois, Virginia, West Virginia and Georgia has resulted in the issuance for a meeting at the department of agriculture on July 15 to consider the advisability of prohibiting or restricting the movement of wheat, oats and other small grain from those states.

A statement by the federal horticultural board today said flag-smut existed in the wheat fields of Illinois and flag-smut and the "take-all" disease in Indiana. The eel worm which affects wheat, oats, rye and spelt is prevalent in Indiana, West Virginia and Georgia.

LEWIS DECLINES TO ACCEPT HONOR

CHICAGO, July 9.—James Hamilton Lewis, former U. S. senator from Illinois who recently received word that he had been decorated by Belgium for war services, announced today that he had written the king of Belgium declining the honor.

"The law passed by congress allowing decorations for military service on battlefields cannot apply to me as my service to Belgium, tho done at the front and on the battlefields was not of the character entitling me to decoration," Mr. Lewis said.

MISTAKES WIFE FOR BURGLAR; KILLS HER

DANVILLE, Ill., July 9.—Mrs. Gertrude Myers, bride of a few months, was shot and killed this morning when her husband mistook her for a burglar. Hearing a noise at a rear door, she awakened her husband who arose and procured a pistol. The woman arose a few seconds later, went into the house and entered the kitchen, a door opposite her husband. He fired when he saw her shadow. She was shot thru the heart dying instantly.

LAUNCH DRIVE AGAINST BEER SALE

PITTSBURGH, Pa., July 9.—The government's drive against the sale of beer containing 2 1/2 per cent alcohol was launched today when U. S. Attorney R. L. Crawford filed a suit against the Pittsburgh Brewing Co., one of the city's largest breweries, in the United District court this noon charging violation of the war time prohibition law. Twelve officials of the company were named in the information.

EXPLAINS LABOR'S IMMIGRATION STAND

NEW YORK, July 9.—Opposition of the American Federation of Labor to unrestricted immigration during the next four years, is based largely on a desire to checkmate a "combination of corporations, trusts, and shipping companies" to bring immigrants to the United States, under contracts which made them virtually "slaves to these trusts." Samuel Gompers, president of the federation declared in an address before the Pan-American Federation of Labor tonight.

Mr. Gompers' address was in response to a resolution adopted today inquiring why the federation has taken a stand on immigration at its Atlantic City convention which conflicts with the concerns of the first congress of the Pan-American Federation of Labor held at Toledo, Texas.

DARNELL REDEEMS CHECKS

Rockford, Ill., July 9.—Another chapter in the notorious career of James Morrison Darnell, the "marrying parson" was brought to a close here today when the one thousand dollar bond Darnell was held under on a charge of obtaining money under false pretenses was released by Magistrate Burton W. Norton in police court. Darnell produced a large roll of bills and reimbursed the persons who cashed his worthless checks several weeks ago.

MACHINISTS THINK PROSPECT BRIGHT

Rockford, Ill., July 9.—Leaders of the two thousand Rockford machinists whose strike enters its ninth week tomorrow morning asserted tonight following a strike meeting that prospects for a victory look more favorable than ever before but that they will remain out until next winter if necessary.

CO-OPERATE WITH BROTHERHOODS

Denver, July 9.—A resolution to co-operate with the three other railroad brotherhoods for the creation of a national labor party was adopted at today's session of the annual convention of the brotherhood of locomotive firemen and engineers.

ARREST THIRTEEN FOLLOWING CONFESSION

Chicago, July 9.—Ten men and three women were arrested early today following a long confession by Carlisle Sullivan, 21 years old bandit of the robbery of the First National bank of Downers Grove and the Interstate National bank of Hegewich.

CHARGE SERBIANS ATTACKED VILLAGES

Paris, Tuesday, July 8.—The Montenegrin government has addressed a new note to the peace conference protesting against alleged excesses by Serbian troops in Montenegro. The note says that certain villages were attacked with cannon and houses were demolished and children killed.

MCCORMICK TESTIFIES

Mt. Clemens, Mich., July 9.—Capt. Robert R. McCormick, associated with his cousin Captain Joseph Medill Patterson, in the publication of the Chicago Daily Tribune, was a witness today in Henry Ford's \$1,000,000 libel suit against that paper. Captain Patterson testified a week ago.

REPORT IMPROVEMENT

Paris, July 9.—Havas—Dispatches from Rome report a continued improvement in the situation in most of the Italian cities where disorders incident to the high cost of living have been occurring. An exception is noted in the case of Bari, on the Adriatic where a general strike has been proclaimed.

CANDY MAKERS STRIKE IN CHICAGO

CHICAGO, July 9.—Several thousand employees of Chicago candy factories went on a strike today for higher wages and better working conditions. A crowd of men and women workers formed a procession and marched to half a dozen candy factories before noon and succeeded in inducing the employees to join the strike.

At the plant of the National Candy Co., on the north side, several patrol wagons loaded with police appeared and dispersed the parade. One of the strikers fired a shot at the police and the police fired several shots in the air before the crowd scattered. No body was injured. One striker was arrested.

There are times when you can profit by the other fellow's experience. Business men with facilities for getting at the facts often point a safe path for others to follow. Many successful men buy motor trucks on the basis of known, proved, lost-cost hauling, steadiness in operation, durability, low fuel and oil consumption, low upkeep and depreciation, prompt service—these are the points that count.

Below are listed a few of the well known business houses and corporations that own and operate International Motor Trucks: Standard Oil Company, Armour & Company, Morris & Company, American Railway Express Company, Sinclair Refining Company, National Refining Company, Bell Telephone Company, American Telephone and Telegraph Company, National Tube Company, Goodyear Tire & Rubber Company, Firestone Tire & Rubber Company, American Graphophone Company. Many of the firms listed above have fleets ranging from five to over six hundred Internationals in service.

Business men that are able to determine with exactness the truck that provides low-cost hauling are buying more and more International Motor Trucks every year. Does not this justify you in getting the facts facts before you invest in motor truck equipment?

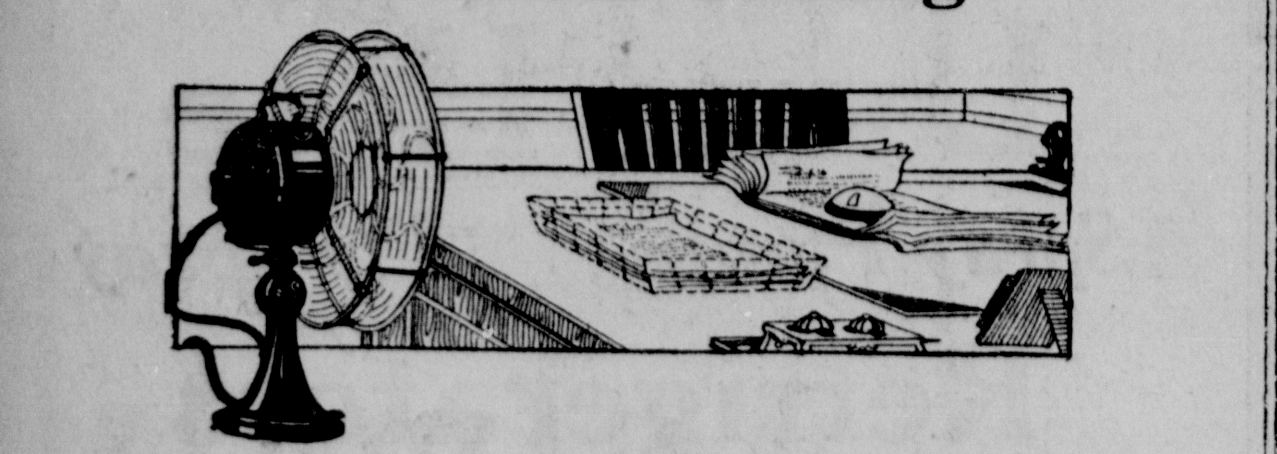

In the International Motor Truck line there is a size and style suitable for practically every hauling requirement, with suitable bodies for every business.

MARK PARKING SPACES ON PUBLIC SQUARE

General Committee in Charge of Work Wednesday Afternoon—Arranged to Accommodate 216 Vehicles.

In consequence of plans recently formulated by joint action of the Jacksonville Chamber of Commerce, the city authorities and the Morgan County Good Roads association, workmen yesterday started mapping off the public square for the parking of automobiles and horse drawn vehicles.

The men were busy on the north side of the square in the afternoon measuring and painting the park-

ing spaces with white paint so that in the future no mistakes relative to the parking of vehicles on the square should occur.

The citizens in charge of the work were: T. M. Tomlinson, chairman; William Beuson and William Cocking, appointed from the Morgan County Good Roads association; H. L. Caldwell, chairman; R. T. Cassell, and William Brady, appointed from the Jacksonville Chamber of Commerce. The work also has the sanction of Mayor E. E. Crabtree and Alderman A. E. Williamson, chairman of the traffic committee.

There will be parking spaces provided nearly around the public square at the curb and practically all the way around the park in the middle of the pavement. It is planned thus to keep the curb line in front of the various mercantile establishments about the square open and it is the intention of the authorities to prohibit the parking of any vehicles whatsoever in front of the stores.

This arrangement of parking of the vehicles should prove of great benefit to the visiting motorist and shopper and also be mutually advantageous to the merchants of the city.

The parking spaces as being laid off by the committee yesterday were 8 by 16 feet, giving ample room for each car or rig. By this method of parking it is estimated that 216 vehicles can be taken care of.

The committee in charge requests that the parking spaces around the park curb be filled first after which the spaces in the center of the pavement may be filled.

Other than the \$5 contributed for the work by the Morgan County Good Roads association all of the money was given by the merchants around the square, the assessment being \$1 for each 20 feet of frontage.

It is believed that this plan will be of great benefit and it is hoped by the committee that visiting motorists will study traffic regulations and avoid parking along the curb in front of any store.

BELLEVILLE MOTORISTS FULL FLEDGED TOURISTS

Have Been on Road Almost Constantly for Past Two Years—Tour South in Winter, North in Summer Months.

Summer touring is rapidly increasing in favor with the motorist and every day a number of the dust-jaded, travel-stained and heavily bagged automobilists can be seen as they roll thru our city.

A few motorists have the temerity to start out in the early spring months, braving the storms and rains that period brings, and a larger number save their gasoline for the autumn time when the weather becomes a trifle more stable and the roads more fit, but few can claim the full fledged title of Motor Tourist as can the party from Belleville which passed thru Jacksonville northward bound yesterday. Mr. and Mrs. Charles Matson and son Charles, Jr., of Belleville, Illinois, have been touring the past two years and are still on the road with two much of this United States yet unexplored to think of stopping.

Mr. and Mrs. Matson started from Belleville over two years ago to tour thru the country primarily for Charles Junior's health. Two years ago they spent the winter in San Antonio, Texas, where they own a winter home. Last winter was spent in the state of Florida and Mrs. Matson stated yesterday that the winter in Texas was much more pleasant and comfortable. The winter months in Florida the past year were damp and rainy ones and the dry climate of Texas was much more conducive to the son's health. The travelers are making the trip in a six cylinder Haynes car, carrying a Florida license tag, and estimate that they have covered some 70,000 or 80,000 miles in it. Previous to the Haynes they used a Maxwell and traveled approximately 60,000 miles in that car.

While the younger Matson's health is now greatly improved and he looks strong and well, these particular motorists are now thoroughly imbued with the travel spirit and greatly enjoy this roaming mode of living. They are now planning to tour the northern and northwestern states during this summer and fall, turning southward again in the autumn and plan to again spend a winter in San Antonio.

Mr. and Mrs. Corn of Belleville are at present accompanying the Matsons, traveling in a Ford. Mr. and Mrs. Corn left Belleville just a few days ago.

Mr. Matson, like most auto owners, is an enthusiast for good roads. As an Illinoisian he was reluctant to say anything against the roads of this state but was forced to say that he had encountered better highways in a number of other states. It is to be hoped that many years Illinois can be mentioned by tourists without being called the "mud-hole state."

Social Events

Children's Party at Tompkins Home.

A very delightful children's party was that given in honor of the eleventh birthday of Helen Tompkins, daughter of Mr. and Mrs. Samuel J. Tompkins, at the family home on West College street. There were eleven children in the company and the hours were spent very happily with a varied program of games, followed by refreshments served in a generous way. The children enjoyed the hospitality of the Tompkins home to such an extent that they lingered until just before the storm broke.

Ella Ewing Mission Circle Meets.

Miss Augusta Carlson of 608 West College street was hostess to members of the Ella Ewing Mission Circle Tuesday evening. It was the regular monthly meeting of the circle and after a brief business session the goodly number of members present enjoyed a program. The society recently entered upon a "pilgrimage" around the world, which will extend over a period of fifteen months, and visits will be made to various mission stations in this country and abroad.

At the meeting held recently a visit was made to the College of Missions building at Indianapolis, Ind. Mrs. Lucille Crawford was the leader for the evening, with Miss Rowena Sinclair in charge of the devotional exercises. Miss Pearl Jewsbury has been named "Official Conductor" on this special study tour. Other numbers on the program were "Ruth Warren's Self-Denial," by Miss Pearl Jewsbury and "College of Missions quartet, composed of Misses Esther, Ruth and Augusta Carlson and Mary Dewees.

A delightful social hour followed the program and during this time the hostess served refreshments. The next meeting will be held at the home of Miss Florence Rice, when a visit will be paid to a mission in one of the large cities of the U. S.

ORLEANS COUNTY CLUB HOLIDAY PICNIC

Was Held at Home of Mrs. W. T. Scott—Over Eighty Present

The annual picnic of the Orleans County Club was held Wednesday afternoon at the home of Mrs. W. T. Scott east of the city. The event was to have been held at the home of Mrs. Edward Tindall Tuesday but she could not entertain the club and the place was changed to Mrs. Scott's residence. The postponement until Wednesday was on account of a death in the family of one of the members.

At the annual picnic every member is allowed to bring a guest. Every member but one was present yesterday and each brought a guest, about 85 being present.

Dinner was served at 1 o'clock and was prepared by the domestic committee consisting of Mrs. A. A. Curry chairman, Mrs. James Dobyns, Miss Violet Davis and Miss Florence Cox. The spread was an elaborate one and was served in the spacious dining room of the Scott home, cafeteria style.

The guests marched into the dining room to the strains of a march played by Mrs. Albert Curry.

After dinner a formal program was carried out with the president, Mrs. Hinrichsen, presiding. Mrs. Hinrichsen gave a splendid address which was full of helpful thoughts and heard with great interest. Miss Mamie Kennedy of Jacksonville gave a reading which she received so enthusiastically that she graciously gave an encore.

The remainder of the afternoon was of an informal nature consisting of contests. In the flower contest Mrs. J. W. Bowen was the winner. In smelling contests where one had to identify well known remedies the prize was won by Miss Bessie Zachary of Orleans. Mrs. George Holley of Arnold won the peanut contest. The program committee in charge consisted of Mrs. Will Arnold chairman Mrs. Harry Rice, Mrs. William Cleary and Mrs. Marcus Hulett.

The Scott home was tastefully decorated with flowers brought by friends. In the dining room white phlox and daisies were used while in the other rooms and on the porch sweet peas, dahlias, nasturtiums and gladiolus predominated. There were many guests from other cities and states, one being from California, others from Chicago, Rock Island, Decatur, Winchester and towns in Morgan county.

The next meeting will be held July 22 at the home of Mrs. James Holmes.

VISITORS FROM MACOMB.

Mrs. Fred Dodsworth and daughter, Barbara Jane, of Macomb arrived in the city Wednesday for a visit of a week at the home of Mr. and Mrs. R. W. Dodsworth, 610 South East street.

Isaac Powers of Terre Haute was a visitor in Jacksonville yesterday. Mr. Powers was on his way home from Jerseyville.

GREEN DALTON DIED WEDNESDAY

Pioneer Resident of County Passed Away After Long Illness—Funeral Friday.

Green Dalton, a resident of the county all his life, died at his home two miles southeast of Nortonville at 1 o'clock Wednesday afternoon. He had been ill for a long period and for the past year had been confined to his bed.

Deceased was the son of Claborn Dalton and was born on a farm near Franklin November 3, 1845. He was united in marriage in 1866 to Miss Mary E. Mann who survives together with the following children, Mrs. Clara Miskell, Mrs. Florence Wood, Mrs. Grace Myers, Mrs. Joyce Myers, Jacksonville; Clarence Dalton, Leonard Dalton, Nortonville, and Miss Birdie Dalton at home. He also leaves two grandchildren. One child died in infancy and Lemuel Dalton died in December. Mr. Dalton followed the occupation of farming and was a man who held the high regard of all in the community in which his entire life was spent. He was a member of Youngblood church and was faithful in his church relations.

Funeral services will be held from Youngblood church Friday morning at 11 o'clock old time.

TAXES BASED ON 1913 VALUATION

Land values in March, 1913, are to be used as a basis for calculating profits in land transactions for income tax purposes, according to the rules received here by Collector of Internal Revenue J. L. Pickering. Inquiries have been addressed his office by men who have sold farms recently, asking how the profit should be figured. Another has inquired whether the purchase of land with Liberty Bonds relieves the seller of paying the tax. Mr. Pickering says the medium of exchange has nothing to do with the liability to the tax.

LIEUT. FRED STEWART COMING ON SICK LEAVE

Mrs. C. M. Stewart of West College avenue received a message yesterday from her son, Lieut. Fred Stewart in New York, stating that he will arrive shortly on a sick leave. Mrs. Stewart has not previously heard from her son for a number of weeks and was not aware that he had arrived in the U. S. until she saw his name listed in the Chicago Tribune of July 2, as arriving on that date.

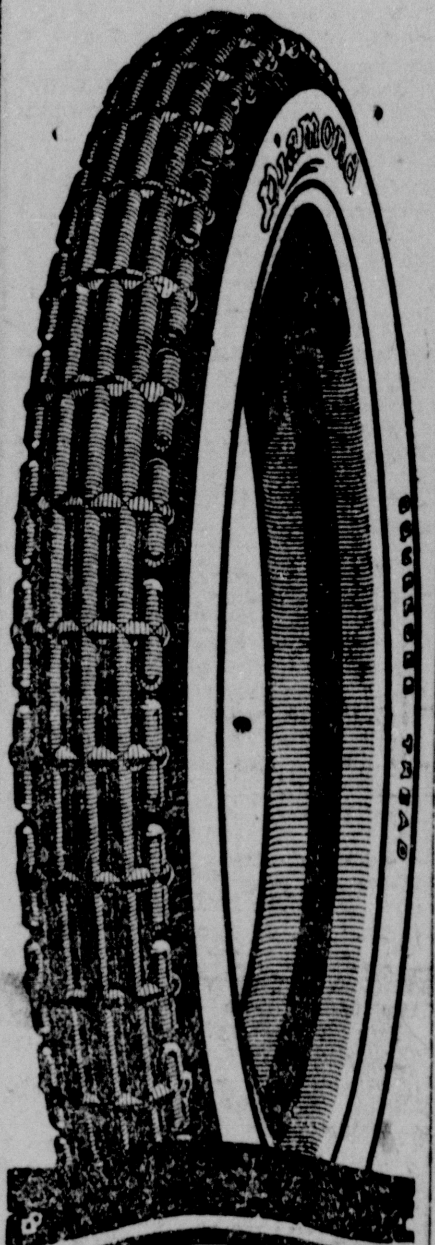

Lieut. Stewart enlisted in the army twenty-six months ago and ten months of that period he has been overseas. He sailed with the 86th division and was later transferred to the 331st machine gun battalion. After the armistice young Stewart was transferred to the military police and later was made assistant provost marshal. The last letter received by his mother was written from Neuchateau, France.

THE WORLD'S MOST ECONOMICAL CAR

DORT

The Dort is built for service—a strong and enduring car—a good looking and comfortable one. In the opinion of thousands of owners who have paid more for cars in the past, the Dort embodies everything required for efficient and satisfactory use.

It has harmonious and attractive lines, sturdy frame and axles, powerful, quiet, smooth running engine; comfortable seats and lots of room for five people. Its starting and lighting equipment is the best in the world. Its cooling properties are unusual. It is easy to "get at" and simple to drive.

The Dort satisfies pride of ownership, as well as high mechanical requirements—at exceptionally light operating and maintenance expense.

AGREEMENT TO TRY KAISER TRACIT ONE

PARIS, Monday, July 7.—The agreement reached by the allied council that the trial of former Emperor William would be held in London, as announced by Premier Lloyd George in the house of commons last week was a fact one, but from American sources it was learned late today that the agreement was regarded as binding.

What purports to be an authentic account of the incident in the council upon which the British premier based his statement has become available from a usually reliable source. It is stated, etc., as sent.

HOLD UP AUSTRIAN PACT
Paris, Monday, July 7.—A decision of the council of five to devote further time to consideration of Austrian territorial questions has resulted in the Austrian peace treaty being held up after the printers had set the type and handed over the proofs.

From County Agents Office

Farm Labor Situation
Through some sort of misunderstanding the U. S. Employment office at Chicago are still sending emergency farm help this way. In almost every case these were returned soldiers, who were sent to us from the Bureau for Returned Soldiers, Sailors and Marines, at 120 West Adams St., Chicago, Ill. These men have, with three exceptions, secured employment after reaching here, but it has taken a great deal of effort to place them. As previously stated from this office, it is not sufficient to give our returned soldiers a few receptions and a grand parade, these men want employment. We have been hoping that we might meet a liberal response from the rural regions in absorbing this surplus labor and thus getting done a great deal of work, which it is claimed could not be done during the war by reason of a scarcity of labor. Yesterday the county agent, in addition to calling up representative farmers in almost every part of the county, drove over 40 miles with three ex-soldiers but did not secure a position for any of the three. It is certainly unfortunate that as a state we did not have some great projects under way like our hard road system to take care of our growing army of unemployed men. We hope that the citizens of this county, will feel their individual responsibility to employ as much labor as they can in this emergency.

Spring Wheat
The spring wheat in Morgan county was hard hit by both scab and black rust. In several cases the fields are almost a failure. Scab is a pink fungus disease that kills a spike, a part of a head, or the entire head. The scientists really do not know a great deal about this disease. We recommend the sowing of clean seed in order to prevent it but are not certain that the remedy lies here. Black Rust has been connected up with the barberry in times past. It requires a wonderful stretch of imagination to hitch up the Morgan County Black Rust with any barberry plants at present in this county. In the spring wheat region of the northwest they have been hoping for the development of a rust resistance variety of spring wheat. The Minnesota Experiment Station has developed a variety that promises some success. In the meantime, it is advisable for people in this latitude to put their faith in Turkey Red Winter Wheat.

AN ORDINANCE.
AN ORDINANCE providing for acquiring the lands necessary in the construction of an impounding reservoir for storing water for the use of the City of Jacksonville, and its inhabitants.

Whereas, the City Council of the City of Jacksonville, did by ordinance duly passed on the 20th day of May, A. D. 1918 provide for the construction of an impounding reservoir and filtration plant on the south branch of the Mauvalsterre Creek; and

Whereas, the dam for impounding the water is now being constructed; and

Whereas, it is necessary that the lands will be overflowed and otherwise used in the construction and maintenance of said impounding reservoir be acquired either by purchase or condemnation or otherwise;

Therefore,

BE IT ORDAINED by the City Council of the City of Jacksonville, Illinois,

Section 1. That the City of Jacksonville, Illinois, by its proper officers, proceed to acquire by purchase or condemnation under the Eminent Domain Act of this state, or otherwise, all the lands necessary to be used for overflow and other purposes in the construction of the impounding reservoir now in process of construction on the south branch of the Mauvalsterre Creek near the City of Jacksonville.

Section 2. That the City Attorney be, and he is hereby authorized and directed to institute and conduct in the name of the City of Jacksonville, Illinois, any and all suits and proceedings under the Eminent Domain Act of this state that may be necessary to acquire by condemnation the lands necessary for said reservoir purposes where the city is unable to agree with the owner of the lands upon the compensation to be paid for or in respect of the property sought to be appropriated or damaged for the purpose of said reservoir.

Section 3. Whereas an emergency exists, this ordinance shall be in full force and effect from and after its passage.

Passed by the City Council of the City of Jacksonville, Illinois, at a regular meeting held on July 7, 1919.

Approved July 7, 1919.
E. E. CRABTREE, Mayor.
R. L. PYATT, City Clerk.

MEETING HELD BY PEACE COMMITTEE

Morgan County Committee of the League to Enforce Peace Held Meeting—Will Disseminate Information of League of Nations Plan.

The Morgan county committee of the League to Enforce Peace held a meeting in the basement of the Ayers bank Wednesday afternoon. This is the committee which was appointed at the public mass meeting held a few months ago in the David Prince auditorium to endorse the League of Nations.

Dr. C. H. Rammelkamp chairman of the committee gave a brief account of the state convention of the League to Enforce Peace which was held in Springfield last month.

It was the sense of the committee that since the issue of the League of Nations was soon definitely to be placed before the United States Senate and the American people, a further effort should be made to disseminate information on the subject through the country.

A sub-committee consisting of O. P. Thompson, H. H. Bancroft and Dr. Josephine Milligan was appointed with instructions to enlarge the membership of general county committee. The chairman was authorized to appoint a finance committee to raise funds for the movement.

Among the out of town members who attended the meeting were Thomas H. Crain and A. W. Reagel of Waverly.

BIDS FOR COAL

Sealed bids will be received by the city council until 1 o'clock noon, Monday, July 1, 1919, for coal needed at the south pumping station and the municipal light plants. Bids are asked on 3 inch, 1 1/2 inch lump and mine run coal delivered at the pumping station and 1 1/4 in screenings 3 inch lump, mine run, slack and washed coal delivered at the light plant. The right is reserved to reject any or all bids. All coal is to be weighed on the city scales.

R. L. Pyatt, City Clerk.

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-two-
fisted smokejoy as you puff out of a
jimmy pipe packed with Prince Albert!
That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidor—and that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

STOCKS RESUME

UPWARD MOVEMENT
Quotations During Morning on
a Par With Monday's Two Mil-
lion Shares Turnover, But Ac-
tivity Abates Later.

New York, July 9.—Under the
influence of easier money today's
stock market resumed the up-
ward movement which marked
the renewal of operations after
last week's triple holiday.

Operations during the morning
and intermediate periods were on
a par with Monday's two million
share turnover, but activity abated
later when the market seemed
to be undergoing a process of as-
similation. Call money opened
a 9 to 10 per cent but at mid-day
a leading banking institution of-
fered small amounts at six.

This evidently exerted a senti-
mental effect rates soon declining
to six and six and a half and
closing at 5 per cent.

Oils, motors and their substi-
tutes and minor rails were next
taken-up a buoyant tone prevail-
ing at noon despite considerable
realizing and consequent reac-
tions.

In the last half hour after
publication of the government
crop report and announcement of
the ratification of the peace
treaty by the German assembly
the market was stirred into fur-
ious activity, numerous leaders
recording best prices of the ses-
sion.

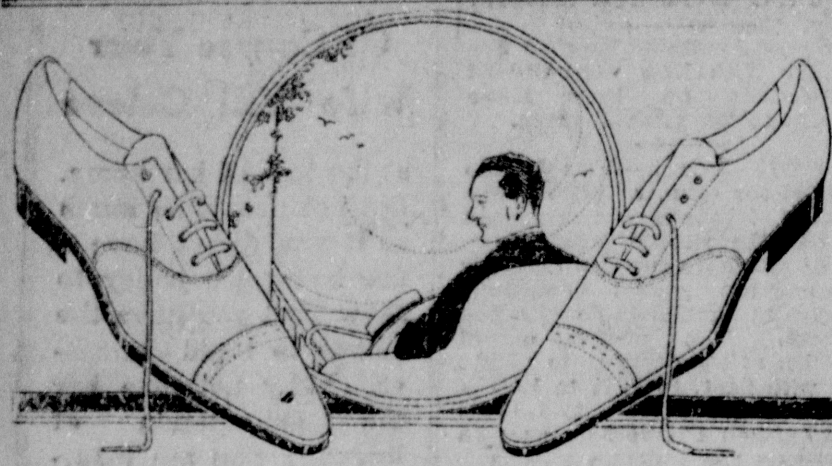

Bonds, including Liberty Is-
sues were featureless within re-
stricted limits. Total sales (par
value) aggregated \$9,300,000.

RECRUITING OFFICE OPENED IN CITY

Sergt. Jesse Smith is in charge of Recruiting Office. Opened at 206 1/2 East State Street—Booklet Available for Ex-Soldiers.

Sergt. Jesse A. Smith is in charge of the recruiting office opened here at 206 1/2 East State street. Sergt. Smith has received a little booklet entitled, "Where Do We Go From Here?" Every ex-soldier can secure one of these booklets by calling at the office, and it will be found full of interesting information. Enlistments are now being sought for the Siberian replacement detachment, for the searchlight organization at Camp Humphreys, Va., and for the general recruiting depot at Jefferson Barracks.

An announcement issued by the war department gives the facts about the war exhibits which have been arranged for the fifty six recruiting stations. These standard exhibits will be available for the cities where recruiting stations are located. The exhibits include numerous articles of equipment and trophies secured overseas during the war. Jacksonville is in the Peoria district and the main office is at 100 North Adams street, Peoria. Information about the exhibits can be obtained there or thru Sergeant Smith at the local office.

CHARLES TINSLEY HURT
WHEN CAR HIT BUGGY

As Charles Tinsley in a buggy turned the corner of West State and the square about 10:30 o'clock last night his vehicle was struck by an automobile and he was thrown to the pavement and severely injured. Mr. Tinsley was taken to the Home Sanatorium where Dr. Kennibrew attended him. He has a bad gash across the forehead and a severe injury to the left knee cap. There were also various cuts and bruises. By-standers came to the aid of the injured man, while the driver of the car fled more gas to his engine and disappeared. However, it is feared that the number of machine was secured.

VIOLENT STORM VISITED COUNTY

Severe Wind and Rain Storm in Various Parts of Morgan County Wednesday Night—Many Telephones Out of Commission—Wind Levelled Oats Fields

A very severe storm visited Jacksonville about 9 o'clock Wednesday night, coming with fury and suddenness. There had been dark clouds but for the most part people had no thought of a storm being immediately at hand. The wind blew a furious gale from the west and persons on the street quickly took refuge in business houses or residences to get away from the dust storm. Rain came a few minutes afterward and came in torrents for nearly an hour.

A severe electrical storm accompanied the wind. Trees were blown down in various parts of the city and the streets are littered with tree branches. It was the wind and electricity that did the damage to telephones and many phones are out while it is almost impossible to talk into the country. At a late hour last night Chapin and Litterberry were the only nearby towns with which telephone connections could be made.

At Chapin the violence of the storm was evidently about the same as in Jacksonville. One or two trees were blown down and a small building at one time used as a blacksmith shop, was overturned. A severe windstorm was reported at Litterberry and to the east of that town. Tree branches were broken and small outbuildings overturned, but no serious damage was reported in that community. No reports could be obtained from the country but it is air to assume that where oats had not already been cut it was damaged by the wind. In most fields the high wind had already leveled some oats and in its mature condition it is a safe guess that there is more of this grain down this morning than was true yesterday. Fortunately all wheat has been cut, so that where it has been properly shocked the storm did little or no damage.

Persons in business district noted a great light in the sky to the east. It had all the appearance of a big fire and it is likely that either a barn or strawstack was struck by lightning. However, because of lack of telephone connections no real information could be secured about this fire.

JOINT MEETING AT PEACOCK INN

Morgan County Federation Will Meet Friday—Will Hear Reports on Child Welfare Work.

A joint meeting of the Morgan County Federation will be held at the Peacock Inn July 11 at which time the health ordinances will be discussed.

Miss Coleman will also report on the work that Miss Schults has been doing in the county and outline the work that she expects to do while here.

Dr. McGuire and Mrs. McCabe will also make brief talks on child welfare work that is now being done in the county.

Luncheon will be served at noon and the meeting will be held immediately afterward.

WHITE HALL COUNCIL HELD SPECIAL SESSION

White Hall, July 9.—A special meeting of the city council was held Tuesday night, at which a public toilet was ordered established on the city property, and the sanitary committee is now at work on the proposition. The clerk was ordered to notify all occupants of property on the new park addition to vacate at once, and the clerk did this today in person and in writing. The time will be up August 9th, and then the property will be sold at public auction.

When this is done the new addition will be turned over to the park commissioners under an act of the city council declaring the entire reservation of Whiteside park open for public park purposes. This will be the council's first declaration opening the park, such action having never yet been taken before or since the dedication of the original park site on June 25, 1910.

PAUL M. LEURIG TO TEACH AT EUREKA

Paul M. Leurig of 729 North Main street, this city, is to teach history and political science at the Eureka township high school this winter, having just accepted the position. The young man received the degree of A. B. from Illinois college, graduating from that institution with the class of 1918. He enlisted in the army service before he had completed the course at Illinois college, but was granted diploma and degree notwithstanding this fact.

Mr. Leurig was in training at Camp Shelby, Miss., where he served as interpreter in court military affairs. Later he was granted a commission in the infantry branch of the service, this recognition coming while he was in service at Camp Pike, Ark. The young man was graduated from the local high school in 1914, ranking among the highest of his class. He has many friends in this city, all of whom will unite in wishing him much success in his chosen work.

HERE FOR VISIT.

Elbert Brazel, formerly employed at the State School for the Deaf, is here for a visit with relatives. He is a cousin of Mr. and Mrs. Lee Huff of Webster avenue and is a guest at their home now. Mr. Brazel has been recently returned from an extended period of overseas service.

FRANK KIRK IS MAKING HIT ON COAST

Oregon Daily Journal of Portland speaks highly of His Work.

Friends here have received word from Frank Kirk local minstrel man who is touring the Pacific coast with the Harvey Old-time Minstrels. Kirk evidently is making a decided hit on the coast as the appended notice from the Oregon Daily Journal of Portland shows. He has been on the road now for more than a year and expects to return to his home in this city some time in August. The Journal says:

We had no yearning or burning desire to see Harvey's oldtime negro minstrel show until we heard the rolling of the drum and the moan of the trombone and saw the colored boys go marching by in gay silks and satins and high hats and canes and spats in the grand high-noon parade.

Then we felt ourselves slipping and the next thing we knew Fred Bailey was handing us a couple of tickets through the wicket at the Heilig and telling us that Frank Kirk and his old song stunt, "The Little Red Caboose Behind the Train," or words to that effect, was alone going to be worth the price of admission. We'll say it again, in which he apparently swallows a lighted cigar. Kirk drags melody out of a number of musical instruments of his own make and gives an imitation of a callopie that beats the callopie itself. Kirk has been doing minstrelsy for the last 25 or 30 years and why Martin Black hasn't grabbed him off long before this we can't understand.

COUNTY COMMUNITY COUNCIL ORGANIZED.

H. C. Woltman is President—Fair Attendance at Meeting Wednesday Evening.

At a meeting held in the circuit court room Wednesday evening the County Community Council organization was perfected with the following officers:

President—Dr. H. C. Woltman, Jacksonville.

First vice president—Mrs. Anderson, Chapin.

Second vice president—Mrs. Diddle, Waverly.

Secretary—Mrs. John W. Clary, Jacksonville.

Treasurer—M. B. Keplinger, Franklin.

There was a fair attendance when the meeting was called to order. Owing to the busy season a number of precincts throughout the county have not yet organized but have plans under way for doing so at an early date.

The term organization with a few minor changes is the same as that adopted by the Jacksonville council. It also was decided that the representation of precinct councils will be one delegate for each 1,000 population or fraction thereof.

This representation will give precincts of the county 25 delegates and Jacksonville precincts 10 delegates, making a total of 44 for the county.

The permanent county community council approved the action of the temporary committee engaging a nurse to carry on the child welfare work. This work is now being done by the clinic truck. As soon as the council gets in working order it expects to take up other problems affecting the welfare of the community.

It was also voted to accept the truck of the federal Children's Bureau with the understanding the council is to keep it in repair and pay the expense of operation.

POLICE FORD HAULED IN.

Early Wednesday morning the police Ford died while Capt. Elliott and Patrolman Hurst were driving in South Clay avenue. All efforts to start the car were unavailing and the officers were compelled to abandon it. Yesterday afternoon it was hauled in with Henry Gertlip as chauffeur. The brakes were not working properly and when the cars reached the station the leading car took one side of the pole in front of the light plant while the police car took the other. This rope brought both cars to a sudden halt but fortunately no damage was done to either car and no one was hurt.

VIDDEN NATIONALS WILL PLAY SUNDAY

Manager Frank announces that the Vidden Nationals will be here Sunday for a game with the Indians. The Nationals have a strong team and will bring fourteen men. Among them is "Windy" Richardson catcher and Neighbors who formerly played in the Three-Eye league.

Smith also announced yesterday he had signed a new umpire for the remainder of the season. The only reason Smith has been umpiring the games is because it is difficult to get a capable man. However, he believes the new man will prove satisfactory to the fans.

CAID OF THANKS.

To our neighbors and friends, and to the members and pastor of Salem Lutheran church, we herewith express our heartfelt thanks for the many tokens of sympathy in our recent bereavement and for all the kind and tender services so generously offered us during the long illness of our beloved husband and father, Wm. H. Luken, Mrs. Wm. H. Luken and Daughters.

Mr. and Mrs. C. H. Russell and Miss Jennette Russell have gone to the Vidden state for an extended visit. They will follow quite an extensive automobile itinerary.

CITY GIVEN TIME IN INJUNCTION SUIT

Allowed Ten Days By Judge Jones to File Answer to John Hodges' Bill—Hearing Continued to July 28.

At Carrollton yesterday the petition for injunction filed by John Hodges against the city of Jacksonville came to a hearing before Judge Norman L. Jones in the circuit court. John M. Butler of the firm of Wilson & Butler, appeared for Mr. Hodges and the city was represented by City Attorney John A. Bellatti. The city was granted until July 18 to file an answer and the hearing was continued until July 28.

In the petition it was the contention of Mr. Hodges that his property and crops were about to be damaged by water resulting from the construction of the dam and spillway and that the city had acquired no right by eminent domain or otherwise to flood the property.

Mr. Bellatti in behalf of the city, maintained that there was no immediate danger of the lands being flooded and that it would be many weeks yet before the construction work had proceeded to such an extent that the back water would flood the lands of the petitioner. He stated further that it was not the intention of the city to flow the land before the right to do so had been acquired. Further, he declared that it was the intention of the city to proceed as speedily as possible thru condemnation proceedings to acquire the right to flood the land needed for reservoir purposes.

It was the contention of Mr. Hodges' attorney that it had previously been the avowed intention of the city not to proceed to acquire lands thru the right of eminent domain but to flood the land and let the property owner recover damages thru the courts. After hearing the argument of counsel for both sides as indicated above Judge Jones granted the city ten days in which to file answer and continued the hearing for twenty days, that is, until July 28.

AREZVILLE WILL HAVE CHAUTAUQUA

Annual Event Will be Held July 28 to August 1—Committee Announces Strong Program—Arenzville News Notes.

Arenzville, July 9.—Arenzville chautauqua committee has completed the necessary arrangements for holding the annual Mutual chautauqua Monday July 28th to August 1st. This Mutual Chautauqua Co. has furnished programs for Arenzville for several years and has given many good and strong features to the delight of the people in town and surrounding places. Arenzville is one of the places that will not have a program on Sunday owing to demand for chautauqua entertainers but the committee feels hopeful that the week will be successful.

The heavy rain which fell Saturday night was quite general in all directions.

Miss Ethel Rayburn of Jacksonville but more recently of Centralia passed thru Arenzville on her way to Clinton, Iowa for a visit.

Charles Coats and wife of Springfield visited relatives here Tuesday.

Miss Persis Glover of Beards-town spent the afternoon here.

Mrs. Oscar Mallicoat spent the Fourth at Jacksonville.

Miss Elsie Wood of Peoria has been the guest of relatives here for a few days.

Misses Gladys Houston, Nellie Hall and Rena Fisher spent a few days at Jacksonville.

Mrs. Louis Westler has been quite poorly.

J. A. Weeks and W. L. McCarty were at Concord Sunday.

Miss Maude Weeks has returned home from a visit at Virginia, with Miss Ada Wright.

Several from here attended the funeral of Mrs. Link Bayless of Concord Sunday.

The Simpson ambulance from Beards-town brought Mrs. William Carrick home. She has been at the sanitarium for months.

Miss Dorothy Trub has returned home from a visit at Beards-town.

Joe Gates of Decatur is the guest of relatives for a few days.

Mr. Welborn of Barry autographed Monday.

ASK YOUR NEIGHBOR

It has been said that there is now hardly a city, town or village in this country wherein some woman does not reside who has found health in that good, old-fashioned remedy, Lydia E. Pinkham's Vegetable Compound. Therefore, if you are suffering from some ailment, and hardly know what to do for it, and have tried other remedies without help, ask your neighbor if she has ever used Lydia E. Pinkham's Vegetable Compound. If she herself has never had the need for it, undoubtedly she knows others who were just in your condition and who have been restored to health by its use.—adv.

WILL MEET FRIDAY.

The Social Domestic Science club will meet Friday, July 18 with Mrs. Mary Bell on South Church street.

ANNOUNCEMENT.

For County Commissioner. I hereby announce myself as a candidate for the office of county commissioner on the Republican ticket, subject to the decision of the Republican primary, Wednesday, September 10, 1919. GEORGE A. WHEELER.
